

André Nicolas Silva

Product Engineer | Software, UX, AI, and Ownership
Maceió, Brazil | devandrenicolas@gmail.com | Portfolio | LinkedIn | GitHub

Summary

Product Engineer experienced in turning user context, requirements, and business rules into delivered software. Combines frontend engineering, full-stack contributions, UX, architecture, testing, and generative AI with decisions grounded in scope, trust, and user value.

Experience

MSPA — Frontend Engineer (product and full-stack contributions) *Apr. 2025–Present*

- Evolve Compass, Trust Center, and compliance surfaces used by 10+ companies, from requirements and business rules through implementation, debugging, delivery, and production support.
- Build with Angular, React, TypeScript, Astro, Web Components, and Lit; contribute to Go APIs, SQL/PostgreSQL, integrations, asynchronous processing, and Cloudflare infrastructure as product flows require.
- Integrate generative-AI features with Genkit, contextual prompting, input sanitization, and structured responses; work with tests, code review, CI/CD, accessibility, SEO, and performance.

Skills

Product thinking, requirements, business rules, UX, scope, trade-offs, Angular, React, TypeScript, Next.js, Go, REST APIs, PostgreSQL, testing, Genkit, Cloudflare, and CI/CD.

Selected Projects

FechaRacha — product strategy, shared-link acquisition, activation metrics, privacy, and tested authorization safeguards.

Terto Beats — digital-commerce flow with checkout, orders, payments, and post-purchase automation.

Open Source

Stoat / Revolt Platforms LTD — Volunteer Frontend Engineer *2026–Present*

File-size validation-error fix merged into the official web client by maintainers.

Education

Tecnólogo in Internet Systems — UNCISAL (Brazil) *Completed 2026*

Brazilian higher-education technology degree.
